

32 Noctis

As a light pedestal for accentuated room lighting or as an object spotlight for three-dimensional art. Contemporary lighting design lives and breathes on the contrast of light and dark. Optical focal points are thereby emphasised with light.

Material: brass, illuminant: Power LED, LED-CEE: G, Ra: 90+, Kelvin: 3000K, base dimension: Ø 90 mm, total length: 660 mm

Scope of delivery: whole lamp with integrated ballast unit and touch dimmer.

IP20

Design: Horst Lettenmayer © betec
